## Early Screening Matters

Parents are encouraged to keep track of their child's milestones right from infancy. Research tells us that children's experiences during pregnancy and from the day they are born affects how they feel, learn, and make friends. Screening helps all parents see if their child's development is on track! The OEYC staff are pleased to offer developmental screenings for children from 12 months to school entry. Talk to a staff to arrange an appointment when it's most convenient for you.

**Join us at the Midland Centre on Wednesday June 14th from 12:30-4:30pm for ERIK screening Day!**
